BLOOD TELLS

Good blood tells, they say, and bad blood certainly does. Poor and disordered blood tells its own story in lowered vitality, loss of energy, in skin eruptions, rheumatic pains, and in a pallid or sallow appearance of the complexion.

This is the season of the year when the blood is most apt to be disordered.

Take our SANSAPARILLA COMPOUND. It purifies and enriches the blood. It cures boils, pimples and other skin troubles. It expels rheumatic poison from the system. It builds up strength and energy.
